Mike:

Since he has filed a complaint, the RRC has and will issue periodic status updates to him in writing, and we will be sure to get copies of the status reports to you. I'll do the best I can to keep a log of his phone calls.

Thanks very much for the feedback, and I will let you know how things progress.

Best,
Peter

Subject: Heard back from my DRA about your proposed approach

Hi Peter,

I am on a conference call and just heard from my DRA, so I wanted to pass it along to you. He is comfortable with your proposed approach of telling Mr. Lipsky that the RRC would like to wait until your data is received and reviewed before deciding whether to observe the sampling they are doing.

However, he did want me to make sure you know we are continuing to receive calls and emails from him on a frequent basis. He suggested the RRC consider more frequent communication with him, and perhaps preparation of a timeline that could be shared.

Mike
